

ROHIT SURYAWANSHI

EDUCATION

MGM'S College of Engineering	08 2023 – 08 2027
<i>BTech CSe - CGPA - 7.5</i>	
Kusumtai Jr. College, Nanded	06 2020 – 03 2022
<i>HSC - 65%</i>	

PROJECTS

SMART CROP ADVISORY SYSTEM  React.js, Tensorflow, OpenCV, CNN, Scikit-learn	04 2026
- Developed an AI-based Smart Agriculture Advisory Web Platform for crop recommendation, disease detection and fertilizer guidance. - Implemented Deep Learning and Machine Learning models for accurate agricultural predictions. - Integrated Supabase authentication, database management, multilingual support and admin analytics dashboard for real-time monitoring.	

Weather APP  HTML, CSS & JAVASCRIPT	08 2025
- Built an application to display real-time weather updates based on city/location input. - Integrated weather API for live data such as temperature, humidity, and conditions. - Designed with a simple and responsive UI for better user experience. - Technologies Used: [HTML, CSS, JavaScript, API Integration].	

INTERNSHIP

Infosys Springboard 	02 2026 – 04 2026
<u>AI/ML Virtual Intern</u>	
Developed an AI/ML based system for PCB defect detection using image processing and deep learning techniques.	

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript
Developer Tools: VS Code, Android Studio, IntelliJ Idea Ultimate, Cursor
Technologies/Frameworks: GitHub, ReactJS, Redux, NextJS, NodeJS, ExpressJS, Git, Mongo, Flutter

CERTIFICATIONS

- C - Infosys Springboard
- Database Management System- NPTEL
- NodeJS with Express & MongoDB - Udemy
- Java - NPTEL
